PROFILE

I am a fun and professional person who enjoys the many aspects of web development. I am seeking a challenging full time position working on quality web software.

EXPERIENCE

SENIOR WEB DEVELOPER, RADIO SYSTEMS CORPORATION, KNOXVILLE, TN — 2014 - PRESENT

Work with e-commerce team to keep company web properties up and running. Participate in the planning and development of new features, using Agile. Utilize object-oriented PHP with Magento e-commerce framework, front-end development workflows, and CMS knowledge to make customer experiences awesome. Become proficient with various debugging and problem-solving techniques. Take responsibility for production infrastructure (LAMP-stack). Participate in "on-call" rotation with other senior developers.

WEB DEVELOPER, METAMEDIA™, KNOXVILLE, TN — NOVEMBER 2012 - MARCH 2014

Work collaboratively on customer relationship/lead generation software using the Symfony PHP framework, jQuery, and HTML5. Learn and utilize MVC methodology. Perform daily content management tasks using Joomla and WordPress. Develop a small-scale social networking solution for a client. Create documentation for software and processes.

WEB DEVELOPER, FREELANCE, KNOXVILLE, TN — JANUARY 2012 - NOVEMBER 2012

Work with a variety of small business clients to develop customized WordPress sites. Work with existing web development companies to create custom PHP scripts and to code PSD files into HTML/CSS for WordPress themes.

WEB DEVELOPER, ANGEL & ASSOCIATES, KNOXVILLE, TN — 2009-2011

Interacted with clients to come up with the best solution for their web needs. Designed/coded websites either from scratch or using WordPress as CMS of choice. Customize code to create admin interfaces that are less confusing, and more streamlined. Setup servers, test servers, domain registrations, Google Apps installations, and provide basic IT support for many clients.

WEB DEVELOPMENT INTERN, DOUBLEJAY CREATIVE, KNOXVILLE, TN — JULY - DECEMBER 2008

Assisted in planning and development of several corporate websites. Grew in knowledge of PHP/MySQL as well as WordPress development. Gained experience with client interaction/consulting. Added/modified content for existing clients.

EDUCATION

Middle Tennessee State University, Murfreesboro, TN — Bachelor of Science in Mass Communications (Electronic Media Production) — 2004-2008

Christian Academy of Knoxville, Knoxville, TN — 2001-2004
